The following questions are being asked to help determine if the applicant meets GTKC membership requirements. After reading the GTKC Constitution & By-laws and Code of Ethics and completing the membership application, the applicant should review the application content with his or her assigned sponsor. After becoming familiar with and assuring completeness of the application, the sponsor will sign the document. At that point, the document is ready for submission at the next regular Club meeting along with a signed copy of the Code of Ethics. At that meeting, the application will be circulated among Club members prior to a two-way discussion with the applicant regarding membership eligibility and to answer any questions that the applicant may have about the Club. Immediately following a member vote to accept or deny the application, the results will be announced. The document will then be filed by the Club and will be used for no other purpose than to serve as an historical record. The applicant should refer to the Constitution & By-laws or Code of Ethics or contact his or her sponsor if there are any questions on the application or the membership approval process.
